# ABOUT US

It's familiar In India in particular with medical education the ratio of availability of medical seats to the medical aspirants has always been dynamic and has never struck the chords. Which is a perennial concern for students and parents.

This challenge led to the inception of Doctor Dreams in the year 2009 with a whole purpose to provide authentic and professional consultative services of studying medicine at Foreign Medical Universities to the students who were deprived of medical education in India on the parameters of academic percentage, peer competition, and government norms of reservations.

We, Doctor Dreams aligned our VISION and MISSION in building our strong alliances with Foreign Medical Universities and created a podium for deserving medical aspirants to realize their dreams of becoming medical professionals by studying medicine ABROAD.

In the ongoing journey of bridging the gaps successfully, we have boarded more than 6000 medical aspirants to various medical Universities ABROAD and continue to do year on year.

# A Brief Overview of Russia.

One of the most affordable and popular destinations to study medicine, the Russian Federation attracts many international medical students every year, especially from Asian countries. According to the Indian Embassy in Moscow, 99% of the total number (approximately 5,000) of Indian students studying in Russia are pursuing medical studies. Compared to western countries, studying medicine in Russia is quite affordable for international students, thanks to the Russian government’s policy of subsidizing tuition fees for foreign nationals.

## Students Testimonials

### **Ashwini A R** (Chitradurga, Karnataka)

**Studying in Crimean Federal University | RUSSIA**

Due to my health issues, even though scoring high marks in NEET exams it halted all my dreams of a medical career. Thanks to Mr. Ravindra Jain a colleague of my father who introduced us to Mr. Mubarak the Founder and CEO of Doctor Dreams. He spent quality time with me and my parents to make us understand all the options available. We were convinced to complete the admission formalities on the very same day. I wish them the best of the best, thank you Doctor Dreams.

### **Tohid Patel** (Davanagere, Karnataka)

**Studying in South Ural State Medical University | RUSSIA**

I always had a high aspiration to pursue my career in Medicine. But, I was unable to crack NEET with high scores but, couldn't secure a seat in India. I approached Doctor Dreams and on the first instant, I was convinced as all my queries were addressed with extreme patience. My sincere thanks to the entire Doctor Dreams team. And I wish them all the success in their endeavor.

I hail from a rural place in INDIA, due to constraints in proper education even though scoring high marks in NEET due to reservation policies couldn't secure a seat in India. Through my friend, I came to know about Doctor Dreams. Upon approaching them initially we were in ambiguity but, in the due course, all our questions and doubts were cleared. Doctor Dreams helped me till my final departure and made my life easy. My sincere and heartfelt thanks to the entire Doctor Dreams team and wish them all the success in their future.

**Studying in Altai State Medical University | RUSSIA**

After achieving a commendable 83% in my PCMB during my 12th grade, my aspirations for a medical career were abruptly halted due to my 224 score in the NEET exams. However, our fortunes took a turn for the better when one of our family friends introduced us to Ms. Vajeetha, of Doctor Dreams Davanagere. She graciously dedicated her valuable time to enlighten both me and my parents about the various options available to us. Her guidance and support convinced us to swiftly complete the admission formalities on the very same day. I extend my heartfelt gratitude to Doctor Dreams and wish them unparalleled success in their endeavor.
